- Valerie Rosenkrantz, Managing Consultant, serves as a CEQA & NEPA Project Manager across Trinity's western offices. She has 30+ years of experience in environmental consulting working in partnership with lead agencies, project applicants, engineers and attorneys.
- Valerie has worked for two public agencies as the CEQA & NEPA compliance manager and has completed hundreds of environmental documents, determinations and impact assessments. She has served a wide range of projects and industries: agriculture, commercial, city and regional planning (general plans, master plans & zoning), food processing, industrial & manufacturing, mixed-use & transit oriented development, oil & gas, public utilities (water supply, wastewater and utility corridors), rail & bus systems, residential subdivisions, solid waste and small power generation. She has worked with cities, counties, air districts, transit districts, regional boards, special districts, the State of California, the Federal Transit Administration and the US Environmental Protection Agency. In addition to environmental planning, Ms. Rosenkrantz has managed public transit project development from approval, final design, & construction, to opening day ceremonies.
- Ms. Rosenkrantz holds a Bachelor of Science Degree in Environmental Policy Analysis and Planning and a Master's degree in Business Administration.
